

Parent User Manual

Registration!

The app is available for download from your smart phone's app store (Google-Play or iTunes). Once you have downloaded the PikMyKid phone app, you will press the "Sign Up" button. Please fill in your personal information, personal cell phone number, personal email address and create a password. [Each parent & user will need to register on their own smart phone with their own information.](#) After you press submit, you will be sent an OTP code by text message. Please enter this code into the next screen. This will complete your registration process. If for any reason you do not receive the code please contact support@pikmykid.com with your full name and email address used to register & listing OTP code as the issue.

A screenshot of the PikMyKid app's "Sign Up" screen. The screen is white with a dark header containing the app logo and a "Cancel" button. The registration form includes fields for "First Name", "Last Name", "Email", "Country" (a dropdown menu currently showing "USA or Canada (+1)"), "Mobile" (with a "Mobile Number" label), and "Password". The status bar at the top shows "Sprint LTE", "11:21 AM", and "32%" battery.

[Once Registration is complete you will be able to log in and see the school's name listed \(your child\(ren\) listed below\).](#) If you are a parent/guardian and see a blank screen it is likely that the school did not have your mobile number on file. Simply email support@pikmykid.com with your children's school, name, and grade -- listing blank home screen as the issue. If you are not a parent or guardian and see a blank screen, this is because no one has assigned you to pick up their child for the day and is normal.

If you have any questions about the app simply email support@pikmykid.com, and be sure to include the name of your child's school, and the child's name - as well as outlining any questions.
