Open Enrollment Application 2017-18

Welcome to the Lottery Application for the 2017-18 school year at American Renaissance School! Please complete this form in its entirety and return it to the school in person or by mail by midnight on Friday, March 3, 2017, to be entered in the enrollment lottery.

Our lottery will be held on Thursday, March 16, 2017, at 6:00pm in the Elementary Campus Board Room. You will receive the results of the lottery via USPS mail, phone call, and email within 7 business days. You are also welcome to attend the lottery in person.

Our lottery is entirely random; however, siblings of current students OR legacy students who completed 8th grade AND spent at least 4 years at ARS will be given priority status. Students whose parents are employed by ARS or who are on the Board of Directors may also be given priority provided they don't exceed 15% of our total enrollment. The lottery process is entirely transparent and open to the public. In total there will be 18 individual lotteries; one for siblings in each grade level, and one for new families in each grade level. We do not anticipate this process will take more than one hour in total.

If you are applying for multiple students who are NOT part of a multiple birth, you will need to complete the entire application for each student separately. If you are applying for multiple students who ARE part of a multiple birth, you will have the opportunity to enter the information for both students on one application.

ARS does not consider race, national origin, religion, academic ability, disability, EC status, gender, or sexuality in the enrollment process, nor do we give preference to students for any reasons other than those described above. Students of all backgrounds, abilities, and identities are encouraged to apply.

Once you have completed this application, please either deliver it to the school in person or via US Postal Service. Mailed applications should be sent to 132 E. Broad St., Statesville, NC 28677 with "ATTN: Admissions" on the front.

Please contact John Mairs, Director of Technology and Data, with any questions or concerns — mairsj@arsnc.org.
